CHOICE OF FINISHES

Custom Hand Crafted

Custom portraits are hand made with the greatest care to assure that every detail is perfect. The portrait is permanently embedded on canvas and then mounted on a stretcher frame just as a Rembrandt painting would be. Generally known as the finest portrait material in the world, stretched canvas gives the look and feel of fine art to display your masterpiece. Comes with 10 year limited warranty.

Traditional

Textured with a heavy lacquer spray coating, your portrait will have a look of depth and dimension surpassed only by canvas. Portrait comes professionally mounted and ready for framing, and carries our exclusive 10 year limited warranty. Glass is not needed over Custom or Traditional portraits as they may be cleaned with a damp cloth and mild detergent.

Economy

A flat finish designed to lend affordability to fine portraiture. These portraits in our most economical style are appropriate for a modest budget, yet still provide lasting beauty. Minimum retouching is included. May be framed behind glass for limited protection from dust and other elements.
